

ST. MAURICE SCHOOL STUDENT HANDBOOK GRADES 7 TO 12 2010-2011

Note: Please read this entire Student Handbook.

This 2010-2011 version of the St. Maurice School Student Handbook replaces and supercedes all previous St. Maurice School Student Handbook publications.

Table of Contents

1. St. Maurice School Mission Statement	32. Multi-Purpose / Band Room
2. School Hours	33. Science Lab and Laboratory
3. Home Room	Equipment
4. Late Arrival to School	34. School Computers and Electronics
5. Attendance	35. Computer Acceptable Use Agreement
6. Class Change Times and Class Lates	36. Physical Education Classes
7. Washroom Use	37. Gymnasium
8. Food and Drinks	38. Field Trips
9. Lunch Period	39. Graduation Requirements
10. Cafeteria	40. Full Time Student Status Requirement
11. Grades 11 and 12 Spares	41. Grades 7&8 Option Course Selection
12. Study Periods	42. Grades 9-12 Option Course(s) Selection
13. Uniforms	43. Course Change Requests
14. Student Information	44. Voluntary Withdrawals from Courses
15. Student Agendas	45. Course Outlines
16. Bicycles and Vehicles	46. Calculator Policy
17. Student Entrances	47. Homework
18. Visitors and Volunteers	48. Reporting Periods, Report Cards, and Transcripts
19. Telephones and Electronics	49. Honour Rolls
20. Lost and Found	50. Examinations
21. School Closures	51. Exemptions
22. Fire Drills / Emergency Evacuations / School Lock Down Drills	52. Missed Assignment Due Dates, Missed Tests, Presentations and Exams
23. Student Information Updates	53. Grievance Procedure
24. Accident Procedures	54. Academic Honesty
25. Medication Policy	55. Student Responsibility to Course Work
26. Student Services	
27. School Property	
28. Lockers and Personal Property	
29. School Supplies	
30. Textbooks	
31. Library	

- | | | |
|-----|---|--|
| 56. | Religion Policy and Christian Service | |
| 57. | Code of Conduct | |
| 58. | Smoking Policy | Paragraphs or sections noted as 7&8 are strictly for Grade 7 and 8 students. Paragraphs or sections noted as 9-12 are strictly for Grades 9 to 12 students. All other paragraphs apply to all students, Grades 7 to 12 (unless otherwise noted). |
| 59. | Alcohol, Drugs, Weapons, Dangerous Goods, and Gang-Related Activities | |

| 61. | Extracurriculars | |
| 62. | St. Maurice School Sport Philosophy | Note: The term “parent” used throughout these guidelines also applies to any legal guardian of the child or to any person designated by the child’s parent as being their guardian in that instance. |
| 63. | Sport Regulations for Student Athletes | |
| 64. | Permission to Use Photographs of Students and Student Work | |
| 65. | Class Placement Requests | |

1. Mission Statement

St. Maurice is a Catholic, parochial school established and supported by St. Vital Roman Catholic Church. Our school is dedicated to creating a community which promotes academic excellence in an atmosphere permeated by Gospel values.

Called to serve in the Church's mission of education, we, at St. Maurice School....

- ◆ recognize, promote and foster the uniqueness of each child as a gift from God with individual needs, abilities and talents.
- ◆ create within our school community a family atmosphere of faith, love, trust, and freedom in which each student can grow and develop as a Child of God.
- ◆ foster a strong partnership between church, school, home, and community with students, teachers, parents, administrators and the spiritual director working cooperatively to strengthen and nurture the religious, moral, and educational needs of our students.
- ◆ enable students to explore, practice, and demonstrate commitment to their Catholic faith in an ever-challenging and secular world.

2. School Hours

7&8: The school opens for Grade 7 and 8 students at 8:30 am and closes at 3:45 pm, unless a special event is taking place under adult supervision. Students wishing to purchase a breakfast in the school cafeteria may only do so from 8:00 to 8:30 am. All Grade 7 and 8 students, except those in the cafeteria to purchase a breakfast meal from the school’s food service, are expected to remain outdoors until the 8:30 am bell. Supervision is provided from 3:30 to 3:45 pm on the parking lot. Parents are expected to monitor the safety of their own children in the parking lot. General supervision is only provided between the hours of 8:30 am to 3:45 pm. Students in Grades 7 and 8 must enter and leave the school buildings by the brown doors at the Church entrance.

9-12: The school is opened for Grade 9-12 students by 8:00 am and closes at 3:45 pm, unless a special event is taking place under adult supervision. Please note that general supervision is not provided outside the above hours. Students wishing to purchase a breakfast in the school cafeteria may only do so from 8:00 to 8:30 am. From 8:00 am to 8:45 am, Grade 9 to 12 students who are not in the cafeteria to purchase a breakfast meal from the school’s food service are expected to remain in the high school hallways or outdoors until the morning home room period. Students in Grades 9 to 12 must enter and leave the school buildings by the blue parking lot entrance doors.

Grades 7 to 12 Regular Schedule	
high school doors open Day 1 and Day 4: 9-12 Choral class begins Day 2 and Day 5: 9-12 Band class begins	8:00
all school doors open	8:30
morning Choral or Band class ends	8:30
warning bell	8:40
home room: O Canada, announcements, prayer	8:45
end of morning home room	8:53
period 1 begins	8:55
period 1 ends	9:40
period 2 begins	9:45
period 2 ends	10:30
period 3 begins	10:35
period 3 ends 9-12 lunch begins	11:20
period 4 begins 7&8 classes / 9-12 lunch period 9-12 Band / Choral class begins	11:25
9-12 Band / Choral class ends	11:55
9-12 lunch cleanup	12:00
period 4 ends 9-12 lunch ends / 7&8 lunch begins	12:10
period 5 begins 7&8 lunch period / 9-12 classes	12:15
7&8 cafeteria cleanup, outdoor recess	12:40
7&8 outdoor recess ends (to lockers)	12:55
period 5 ends	1:00
period 6 begins	1:05
period 6 ends	1:50
period 7 begins	1:55
period 7 ends	2:40
period 8 begins	2:45

period 8 ends	3:30
7-12 study hall begins All students are to have left the school building unless they are participating in a specific, adult supervised school event.	3:45
7-12 study hall ends	5:00

Students are not permitted to loiter in the school building at any time. A quiet atmosphere that is respectful of the classes in progress is expected at all times. Please note that classes will be in session throughout the entire day, including both the Grade 7 and 8 lunch period and the 9-12 lunch period.

Students are not permitted in the school building after 3:45 p.m. unless they are participating in a specific, adult supervised school event. Grade 7 to 12 students may choose to remain in the supervised study hall, which is ordinarily available daily, for nominal fee, and is open until 5:00 pm. Parents and students are expected to make transportation arrangements such that students are not waiting outdoors after the end of their school day/activity.

The following shortened class schedule will be used on **School Mass** days:

Grades 7 to 12 School Mass Schedule	
The first 3 morning periods will be 20 minutes long, with periods 4 to 8 unaffected (including both lunch periods).	
high school doors open Day 1 and Day 4: 9-12 Choral class begins Day 2 and Day 5: 9-12 Band class begins	8:00
all school doors open	8:30
morning Choral or Band class ends	8:30
warning bell	8:40
home room: O Canada, announcements, prayer Note: Classes proceed immediately to the Church for the School Mass after the morning home room period.	8:45
period 1 begins immediately after Mass	after Mass
period 1 ends	10:30
period 2 begins	10:35
period 2 ends	10:55
period 3 begins	11:00
period 3 ends 9-12 lunch begins	11:20

period 4 begins	11:25
Periods 4 to 8 according to the regular schedule, including both lunch periods, and any regularly scheduled Band or Choral lunch period classes.	

3. Home Room

The purpose of the home room period is to foster the building of a community spirit in our school. Prayer, announcements and other forms of communication are important to the life and functioning of the school. Students are expected to listen carefully to all announcements made and to participate in home room activities. All students are expected to be in their assigned home room, dressed in full uniform, and with all materials needed for their first classes of the day, *before* the home room late bell rings. Please refer to the Late Arrival to School section of this handbook.

Students not present for the morning home room announcements are expected to read over the day's announcements which will be posted each morning outside the High School Office.

4. Late Arrival to School

Classes, scheduled class Masses and school Masses will begin on time and therefore it is very important that all students arrive on time for the beginning of the school day at 8:45 am. The late arrival of a student is disruptive to their home room period and/or class, and is also detrimental to their own education.

All students are expected to be in their assigned home room, dressed in full uniform, and with all materials needed for their first classes of the day, *before* the home room 8:45 a.m. bell rings. Any student who is late or absent for the morning home room period, for any reason, must report to the school office for a late slip and sign in before going to their next scheduled class. A late slip will only be issued once the student is dressed in full school uniform and prepared to attend class. All late arrivals will be recorded by the administration. Parents will be notified by letter when a student has accumulated 10 or more late arrivals.

Senior students who have a scheduled spare during period 1 are required to be on time for their first scheduled class of the day. They must sign in on the Spares Sign in Sheet or the Lates Sign in Sheet, as applicable, in the High School Office before going to class. Please refer to the Grades 11 and 12 Spares section of this handbook.

5. Attendance

Regular and punctual attendance for all classes is required for a student to be successful in his or her academic endeavour. St. Maurice School requires that a student attends a minimum of 90% of his or her classes in a course to earn credit with a passing mark in that course. Attendance is taken by each teacher for each class. If more than ½ of a class is missed, one absence is recorded.

Parents are asked to contact the school by phone, by dated and parent-signed note, or in person before 9:00 am if a student is going to be absent or late, otherwise the parents will be contacted by the school office. Calls from students or email messages are not usually accepted. If a student's absence has not been explained, a signed note from the parents must be presented to the office on the day the student returns to classes. A medical doctor's certificate or note must be presented to the office for a period of consecutive absence of 3 days or more. A medical note is also requested if a student must be scheduled for frequent medical appointments which cannot be set outside of school hours.

It is expected that parents schedule appointments for their children outside of school hours if at all possible. The school office must be informed in advance by the parent if a student must leave the school for an appointment. Such communication may be made by a phone call from the parent or a note signed by the parent turned into the school office as early as possible and before the student is to leave for the appointment (preferably before 9:00 am). The student is responsible for signing out at the office before

leaving the school and signing in if returning before the end of the school day.

Students are responsible for all work missed due to illness, appointments, etc. and are expected to get caught up on their own time. Missed tests and assignments will be made up at the discretion of the teacher. Refer to the Missed Due Dates, Tests and Exams section of this handbook.

Parents who allow their children to be absent for such reasons as non-school athletic events, employment, vacations or family trips must not expect teachers to provide make-up work, special assistance or extensions for missed work. The student is responsible for all course content missed. Missed tests and assignments may or may not be made up at the discretion of the teacher. Extended absences from school adversely affect the student's academic development and are strongly discouraged by the school. Parents are expected to provide a written explanation of planned absences (eg. vacations) to the administration at least two weeks in advance.

If a student knows ahead of time that he or she will be absent from class, the student must make prior arrangements with the subject teacher(s) for the work that will be missed. If the student does not make prior arrangements with the teacher, any evaluation due or conducted during that class will be awarded a mark of zero (includes assignments that are due, tests, presentations, etc).

A student who is absent due to a school-sponsored event will not be marked absent from classes provided that the activity has the prior approval of the administration. The student must make prior arrangements with each subject teacher as noted above or else any evaluation due or conducted during those classes will be awarded a mark of zero.

Participation in National or Provincial Level Sports Teams (9-12): A student who is participating in a sport at one of these levels may be granted excused absence status when away from the school to compete in that sport. The student will still be required to adhere to the St. Maurice School Student Handbook and in particular the points in reference to class time missed and the impact on earning exemptions from final exams. Excused absences for provincial or national competitions are not discounted from a student's total absences with respect to earning exemptions; however, absences which may be excused for high-level sports competitions will not impact the student's ability to earn credit in their courses. Parents are asked to notify the Administration in writing at least two weeks in advance of any upcoming competition event(s) that will require a student to be away from school, by letter to include an official notice of the event and/or a letter from their child's coach indicating that the child is required to attend that event. The student must make prior arrangements with each subject teacher as noted above in this section or else any evaluation due or conducted during those classes will be awarded a mark of zero. The student is responsible for all course content missed.

A student serving an out-of-school suspension will be marked absent for all classes missed. A student will not be marked absent during an in-school suspension. In the case of either type of suspension, any evaluation due or conducted during classes held during the suspension will be awarded a mark of zero (includes assignments that are due, tests, presentations, etc).

A student who becomes ill during the school day must report to the office before making any arrangements to leave the school. School office personnel must communicate with the parent or guardian directly before the student leaves the school to go home. The student will be marked absent for any classes missed.

8: For Grade 8 students, at each reporting period: Parents will be notified by letter when a student has accumulated a significant absences in an exam course (ELA = 16, Math = 9, Science = 8, Social Studies = 8). This letter will also advise the parents and student that the student's possibility for exemption is in jeopardy. Parents will be notified by a second letter when a student has accumulated an excessive number of absences in an exam course (ELA = 24, Math = 14, Science = 12, Social Studies = 12). This letter will advise the parents and student that the student's possibility for exemption has been lost. Please refer to the Exemptions section of this handbook.

9-12: For Grade 9 to 12 students, at each reporting period: Parents will be notified by letter when a 9-12 student has accumulated 8 absences in a full credit course (4 for a ½ credit course). This letter will also advise the parents and student that the student's possibility

for exemption is in jeopardy. Parents will be notified by a second letter when a 9-12 student has accumulated 12 absences in a full credit course (6 for a ½ credit course). This letter will advise the parents and student that the student's possibility for exemption has been lost. Please refer to the Exemptions section of this handbook.

9-12: A 9-12 student with 16 or more absences in a full credit course may be withdrawn from that course (8 for a ½ credit course). The parents and student will be notified by letter. A written appeal may be made to the administration regarding the student's withdrawal from a course. A student withdrawn from a course must either attend the class (without possibility for credit) or attend supervised study periods, at the discretion of the administration.

Note: The Music: Choral and Music: Band classes operate on a different schedule than the regular school timetable. A student's credit standing in either or both of these courses is in jeopardy if the student accumulates a significant number of absences. Parents will be notified by letter that the student's possibility for credit in the course is in jeopardy or has been revoked due to excessive absences. Credit will be withheld after a total of 5.5 hours of absence in a ½ credit course, or a total of 11 hours of absence in a full credit course.

Note: The Physical Education / Health Education courses at the Grade 11 and 12 levels operate on a different time schedule than other full credit courses. Students are scheduled for 2 classes per school day cycle, which represents 40% of the required course time for the credit. The remaining 60% of the course time is accomplished as the student completes an out-of-school physical activity practicum. Both portions of the course (in-school and out-of-school) are required for the student to complete the credit. A student's credit standing in this course is in jeopardy if the student accumulates a significant number of absences. Parents will be notified by letter that the student's possibility for credit in the course is in jeopardy or has been revoked due to excessive absences. Credit may be withheld after a total absence from 10% of the total available in-school class time (6 classes).

6. Class Change Times and Class Lates

Students are expected to use the 5 minute class change times to visit the rest room, exchange books from their lockers if required, and proceed to their next scheduled class. Students are expected to move to their next classroom as soon as possible and to not loiter in the halls. All students are expected to be at their desk, ready for class work, when the bell rings to begin the class. A student who is late for a class from a previous class or spare must go directly to their next class (a late slip will not be issued from the office for class to class lates). Consequences for class lates will be assigned by the subject teacher. The administration will be advised of cases of repeated class lates.

During the fall and spring, students are expected to travel around the gym using the outdoors between the white and blue doors within the fenced off area, rather than passing through the gym. If it is raining, and during the winter, students may cross through the gym. They must pass in a quiet, orderly fashion, walking along a wall and without disturbing any phys. ed. student or activity. Failure to pass in a respectful manner may result in infractions and consequences assigned by Phys. Ed. or other teachers.

7. Washroom Use

Students are required to ask permission to leave class to use the washroom. They are required to use the washroom nearest to their classroom from which they are excused, and must return promptly and directly.

Note: Students in Grades 7 to 12 are not permitted to use the washrooms in the elementary area of the school at any time. Grade 7 to 12 students attending classes in the grade 7&8 area of the school are required to use the washrooms in the lower level just outside the entrance to the cafeteria.

8. Food and Drinks

Students will be permitted to bring sealable bottles of water to drink into most classrooms, except the computer lab, multi-purpose/band room, and library. Food may not be eaten in classrooms (except where students are attending a lunch meeting in a classroom and eating has been permitted by the supervising

teacher). Refer to the Lunch, Cafeteria, and Grades 11 and 12 Spares sections of this handbook.

9. Lunch Period

7&8: Grade 7 and 8 students must stay on the school property between the hours of 8:45 am and 3:30 pm. They may go out for lunch only if a signed and dated note from the parents or guardians is provided to the home room teacher before 8:55 am on that day.

7&8: Grade 7 and 8 students will be dismissed from morning classes at 12:10 pm. Students will proceed to their lockers to secure their books and obtain their lunch. Students will then go directly to the cafeteria where they will eat lunch. The cafeteria food service, microwave ovens and the student-run canteen will be available. By 12:40 pm, students will be dismissed to clean up their lunch debris and to proceed outdoors for the staff-supervised lunch recess. Indoor recesses will only be held if it is significantly raining or if the Environment Canada temperature or windchill is -27°C or lower. The general clean up crew assigned for each day will remain in the cafeteria with a staff supervisor to finalize the lunch room clean up. The supervising teachers will return the students to their lockers at 12:55 so that students may prepare their books for the afternoon classes, which begin promptly at 1:05 pm.

9-12: Grade 9 to 12 students may choose to leave the school during the lunch period. Should they choose to do so, they are expected to conduct themselves in a manner that is consistent with the philosophy of St. Maurice School (whether on or off school property). Students are not permitted to use the lawns, benches or picnic tables of the Rotary Villa adjacent to the school as these are private property for use by the residents of the Rotary Villa. Senior students may use the basketball hoop on the west side of the high school building during their lunch period, but must not interfere with nor disrupt any activity or class underway in the playground. Students are expected to leave the playground if so requested by any supervising staff. All litter must be disposed of into a garbage can. Students must return on time for their next scheduled class. Students arriving late for class after the lunch period must sign in at the high school office and obtain a late slip. Students arriving late after the lunch period will be assigned cafeteria clean up duties.

9-12: Grade 9 to 12 students may choose to remain at school during their lunch period to eat their lunch in the cafeteria, outdoors or in the designated classroom(s) (if the cafeteria is full). The cafeteria food service and microwave ovens will ordinarily be available. Students are responsible for cleaning up debris and wiping up spills regardless of where they eat their lunch. A general clean up crew will be assigned for each day, with the formal clean up process for the cafeteria and halls beginning by 12:00 noon at the latest.

Students will not be permitted to eat lunch in a classroom unless (a) they are attending an extra-curricular meeting or tutorial session and the teacher advisor has granted them permission to eat lunch in the classroom, or (b) the cafeteria has had to be closed and the classroom has been designated as a lunch room for that day. All students are expected to responsibly clean up all litter and spills, both inside and outside of the school.

10. Cafeteria

(Menu items and available times are subject to change)

Breakfast: Breakfast foods can be ordered before school begins between the hours of 8:00 am and 8:30 am. Only those students who order breakfast from the cafeteria food service or are enrolled in the Before School Program are allowed use of the cafeteria before 8:55 am. All students are expected to be in home room on time. Breakfast-type foods will be available to senior students on spare between 8:55 am and 11:00 am. Lunch-type foods will be available to senior students on spare between 11:00 am to 1:00 pm.

Lunch: All students staying for lunch at school must eat their lunch in the cafeteria regardless if their lunch is brought from home or purchased at the cafeteria. Students will be seated 8 per table (4 per side) or less depending upon where the table is located. The aisle along the north wall of the cafeteria will be used to form the line for ordering food.

Students are responsible for cleaning up debris and wiping up spills. A general clean up crew will be assigned for each day. At the end of the Grade 7&8 lunch period, the 9 tables closest to the cafeteria

window will have chairs left in place for use by students during study hall periods. All other chairs at the remaining tables will be stacked in groups of 4 and left beside each table.

The cafeteria food service and microwave ovens will not be available during all school inservice days, all examination days, and may be closed without notice if required.

The cafeteria space may need to be closed at other times, with students assigned to eat their lunch in a designated classroom. Microwave ovens will ordinarily still be available for student use in such instances.

Spare: All senior students on spare who choose to stay in school must remain in the cafeteria or school library. Noise in the cafeteria must be maintained at a level that does not interfere with the need for students and staff to carry on their work. Students must always respect the rights of others who are trying to work. Musical instruments, radios or devices with loudspeakers are not allowed. Students are permitted to listen to music using headphones only.

Everyone is asked to be responsible for maintaining the cleanliness of the cafeteria at all times.

Students may not use or play with any of the Daycare supplies or games stored in the cafeteria at any time.

No students are permitted in the cafeteria after 3:30 pm as the lower level space is used by St. Maurice Daycare for students registered in the After School Program.

11. Grades 11 and 12 Spares (9-12)

Grade 11 and 12 students have the privilege of an open campus spare when they are not scheduled for a class or study period. Students on spare are not permitted to loiter in the hallways or stairwells during any class times, and may only visit their locker during the 5 minute class changes. Students who choose to stay in the school during a spare must remain in uniform and be in the Library or Cafeteria. Students are expected to respect and to not disturb any other people or activities in the Library or Cafeteria.

Grade 11 and 12 Students on a spare may only use a classroom with the direct permission and supervision of the classroom's teacher.

In the event of an emergency evacuation or fire drill, all students on spare will evacuate the school by the nearest exit and report to the nearest school administrator (locations: playground, parking lot, or Pembina Highway doors). Should the student not find an administrator, he or she must report to the nearest teacher.

Grade 11 or 12 students choosing to leave campus during a spare must sign out in the high school office as they leave and sign in as soon as they return to the school. Students abusing the open campus privilege (both on-site and off-campus) will be required to attend supervised study hall periods in place of open campus spares. Senior students may use the picnic tables and basketball hoops on the St. Maurice playground during their spares, but must not interfere with nor disrupt any activity or class underway in the playground. Students are expected to leave the playground if so requested by any supervising staff. All litter must be disposed of into a garbage can. Students must return on time for their next scheduled class.

Grade 11 and 12 students must attend all School Masses, Class Masses and all special school events (eg. guest speakers, Student Council events, etc), even if they have a spare scheduled to occur during such events.

12. Study Periods (Grade 10)

Grades 10 students assigned to supervised study periods must appear on time, in full uniform, and prepared with materials for schoolwork. A study period is designed to allow for the completion of individual assignments, although the supervising teacher may permit quiet group work. Students must always respect the rights of others who are trying to work. Students are permitted to listen to music using

headphones only. Skipping a study period carries the same penalty as skipping a regular class. A study period may be pre-empted without warning by a school administrator (eg. for course options information meetings, etc). In the event of an emergency evacuation or fire drill, students in the study hall will evacuate the school with their supervising teacher according to the exit instructions posted in the study hall classroom.

13. Uniforms

St. Maurice School students must wear the St. Maurice School Uniform. The uniform promotes school unity and reduces competition. The school uniform consists of the following specific garments. **THOSE ITEMS IDENTIFIED WITH ♦ ARE TO BE PURCHASED ONLY THROUGH THE SCHOOL.** Students will not be allowed to wear uniform garments that have been purchased elsewhere, even if garments come close to matching school uniforms. Otherwise, the fairness of the school uniform policy is jeopardized. Please contact the school office for ordering information.

BOYS

- ♦ White oxford dress shirt with button down collar and crested with the St. Maurice School logo (long or short sleeved)
- ♦ Navy blue school dress pants
- ♦ Navy blue school tie
- Navy blue or black dress socks
- Black dress shoes
- Belt, if worn, must be black, with a small buckle
- Hair is to be kept clean and must not exceed collar length; no pony tails
- No facial jewellery or earrings
- No make-up

GIRLS

- ♦ White oxford dress shirt with button down collar and crested with the St. Maurice School logo (long or short sleeved) - to be worn tucked in, OR
- ♦ White tailored ladies blouse crested with the St. Maurice School logo (long or short sleeved) - to be worn untucked
- ♦ Navy blue school dress pants for ladies, OR
- ♦ Blackwatch kilt (no shorter than 3 inches above the bottom of the kneecap)
- ♦ Navy blue school tie
- Plain navy blue tights, plain navy blue knee-highs, or neutral nylons with the kilt; OR
- Plain navy blue socks with the ladies pants
- Navy blue or black dress shoes
- Hair is to be kept clean and combed; no kerchiefs (small hair accessories and headbands acceptable)
- No facial jewellery (earrings acceptable)
- Make-up should only be lightly applied
- Undergarments must not be visible through the blouse

BOTH SEXES

- ♦ Optional:
 - Navy blue fleece cardigan crested with the St. Maurice School logo, or
 - Navy blue knitted V-neck sweater crested with the St. Maurice School logo
- No other sweaters, sweatshirts or pull-overs will be permitted (exception: Administration-approved St. Maurice School grad sweatshirts may be worn by Grade 12 students as part of their school uniform)
- Crested St. Maurice School jackets may be worn as approved by the school administration
- No unauthorized accessories are to be added to the school uniform (St. Maurice School pins are acceptable)
- Coats and jackets are not to be worn in class
- No hats to be worn in the school (except on approved school spirit days)
- No boots to be worn in class
- No printed or coloured shirts to be worn under the dress shirt / blouse

- No unnatural hair colours, unnatural hair streaking or dyeing patterns
- The summer uniform (walking shorts) is permitted for students in Kindergarten to Grade 8 only.

7&8: SUMMER UNIFORM FOR BOTH SEXES, GRADES 7 AND 8 ONLY

- ◆ Navy blue walking shorts (permitted during September, October, April, May and June only)
Note: The walking shorts replace the kilt/pants only. All other uniform items and requirements apply. The walking shorts must extend down to the top of the kneecap.

All students must wear the school uniform in a proud and presentable fashion at all times. Shirts must be properly tucked in*, top shirt buttons must be done up and school ties must be snug to the neck at all times. All uniform items must be clean and in good repair. Replacement uniform items may be purchased throughout the school year (although the school requests that the bulk ordering of school uniform garments occur in the spring by the advertised deadline).

*Exception: the ladies tailored blouse is designed to be worn untucked when worn with either the kilt or the ladies pants, except when worn under a school cardigan, school sweater, or approved grad sweatshirt, at which times the blouse must be tucked in.

Students are expected to be dressed in full school uniform whenever they are in the school building between the hours of 8:45 am and 3:30 pm (includes the class change times and the lunch period). Unless otherwise instructed, students must also wear their full school uniform during a teacher assigned detention. An infraction will be recorded for any student who is repeatedly not dressed in full uniform during the above listed times. Change rooms for Grade 7 and 8 students are located in the lower level outside the cafeteria. Change rooms for 9-12 students are located on each floor of the high school. Changing in the hallway is prohibited. Students may be required to wear their uniform whenever they are away from the school and are acting as ambassadors or representatives of the school.

If, for any reason, a student does not have a required uniform garment to wear, the student will not be permitted to attend classes until the problem has been remedied. The student must meet with a school administrator to address the uniform problem. Ordinarily, a service-work consequence (such as helping to clean up the cafeteria after lunch) will be assigned whenever a student comes to school without a complete uniform. An infraction will be recorded for a student who repeatedly needs a uniform pass from the administration.

Casual Day is usually held twice a month to permit the students a change from the normal uniform. The school asks that the students use good judgement in their choice of clothing. Shoulders and midriffs must be covered and skirts may be no shorter than the acceptable uniform kilt length. Casual shorts are only permitted on Casual Days during September, October, April, May and June or as part of an approved student council activity, and if worn, must be of appropriate length as determined by the school administration.

If the school administration deems an article of clothing inappropriate*, the student will not be permitted to attend classes or school events until the problem has been remedied.

*clothing which is too tight, revealing, or ripped

*clothing showing inappropriate content; for example messages, references, symbols or images which are sexually suggestive or which suggest hell, torture, demons, death, etc.

14. Student Information

Any changes in student information (address, telephone numbers, medical concerns) must be reported to the office as soon as possible.

All school documentation (eg. report cards, parent-teacher interview forms, permission slips, etc) will be addressed to the student's parent(s) or legal guardian(s) unless the administration receives written notification to the contrary from students who have reached their 18th birthday. The form required for such notification will be available from the school office. The parent(s) or legal guardian(s) of the student will be advised if such a change has been requested.

15. Student Agendas

All students are responsible to bring this agenda book with them for all classes throughout the entire school year. All students are expected to use their student agenda to diligently record their assignments, due dates and scores on a daily, class by class basis. Parents are encouraged to review their child's agenda daily to be advised of upcoming assignments, tests, etc. If a student loses their agenda, he/she must purchase a replacement agenda from the office.

16. Bicycles and Vehicles

Bicycles must be securely locked to the bicycle rack on the west side of the school property. Students are not allowed to store their bikes within the school.

All student vehicles must be registered in the high school office (make, model, colour, licence plate). Student vehicles must be parked in a marked parking spot and not in any of the numbered parking spaces.

In an attempt to deter criminal activity, the school parking lot and main entrances are under 24 hour video surveillance. The school will not be held responsible for damage to or theft of vehicles or contents and/or bicycles while parked on school property.

17. Student Entrances

7&8: Students in Grade 7 and 8 must use the brown doors (Church doors) when entering or exiting from the school. Students must wait for their rides near these brown doors (and not in the parking lot). When a ride arrives for a student, the driver must park the vehicle in an empty spot in the parking lot. The student then leaves the area in front of the brown doors and walks to the parked vehicle. Vehicles are not to stop, even temporarily, in any of the traffic lanes.

9-12: Grade 9 to 12 students must use the blue doors that open onto the parking lot when entering or exiting the school. Students who must pick up younger siblings are asked to exit by the high school blue doors and meet the younger students outside their exit door. Going through the gymnasium or the cafeteria for these purposes is prohibited. The blue high school doors that open onto the playground are not to be used except for fire emergencies.

18. Visitors and Volunteers

In keeping with the Manitoba Safe Schools Regulations, St. Maurice School has instituted a process by which authorized visitors to the school are required to sign in at a school office and be issued a visitor tag. The visitor tag will serve to identify to staff and students that the visitor has a legitimate reason for being in the school. For student safety reasons, it is important to limit visitor privileges to only those who have an important and justifiable reason for being in our school buildings.

All visitors must report to a school office immediately upon entry, at which time they will be asked to sign in and be provided with a "visitor" tag that must be worn in a manner visible to others. This visitor tag is to be returned to the office from which it was issued when the visitor is leaving the building. Visitors who may be approved and issued a Visitor's Tag include: parent volunteers, guest speakers, substitute teachers, student teachers and St. Maurice School graduate alumni.

All adults who wish to volunteer in the school must obtain a Child Abuse Registry Check form from either of the school offices and return the completed form to the Principal for processing well in advance of their volunteer work in the school. It may take up to 6-8 weeks for the process to be completed by the proper authorities. Volunteers will be assigned to various tasks, including: photocopying, laminating, changing bulletin board displays, and providing their assistance for special school activities and fundraising events.

Students are not permitted to invite any visitors into the school. Friends from other schools, even if they previously attended St. Maurice School, may not visit with current St. Maurice students within any part of the school buildings. In the case of an emergency, the St. Maurice student will be called to the office to meet with their visitor there.

Once classes are in session, no student may interrupt an on-going class for any reason (ie. borrowing materials). Students are not allowed in the staff room unless they are accompanied by a staff member.

19. Telephones and Electronics

Telephone use: Students may only use the MTS pay phone located in the front lobby of the high school. Grade 7 and 8 students may only use this pay phone with the specific permission of their home room teacher. Telephone messages will not be relayed to students except in the case of emergencies.

Note: It is recommended that student not bring valuable electronic devices to school. The school will not assume responsibility for damaged, lost or stolen articles.

Cellular phones: Cell phones must not be turned on during a class or school event. All cell phones turned on outside of class times must be set to vibrate or silent mode. Students may have cellular phones in their possession during the school day; however, any cell phone action or use which distracts the student, interrupts or disturbs a class or school event will be confiscated and turned in to an administrator. Students may only use cell phones in the school to answer or place calls before school hours, during the lunch period, during a spare and/or after school hours. Cell phones are not to be used and must not be turned on during any of the following times: supervised study hall periods, classes, class and school Masses, or during any special events. These regulations apply equally to the text messaging and other functions of cell phones. Students who become ill during the school day may use their cell phone to contact their parent, but the student may not leave the school until the parent has directly confirmed the student's leaving with a school official.

Cameras, the camera function of camera phones and video cameras: These devices may not be used on school property at any time in a manner which could disturb a class or activity. School staff have the right to deny the use of such devices in their classrooms. The permission of the individuals to be included in any photos or videos should be sought in advance. Individuals included in any photos or videos have the right to request that image(s) of themselves be deleted. Any and all images or videos recorded at school or at school events may only be used in ways that are in keeping with the moral obligations which respect all of the individuals included in the images. Recording devices used in inappropriate ways will be subject to confiscation, with the deletion of any and all unauthorized content.

MP3 and other music players: Students are permitted to listen to music using headphones/earphones during their spares, the lunch period, and their study halls (with the permission of the teacher supervisor). However, music players, including headphones/earphones, must not be visible while the student is in a class. These items must be stored out of sight such as in the student's locker, backpack or pocket while attending class such that these are not visible while in class. Headphones and earphones may not be worn or seen on the person (even if the device is turned off).

Audio Recording Devices: Audio recording devices or the built-in recording function of cell phones, etc, may not be used during class times without the expressed permission of the teacher.

PDA's - personal digital assistants (such as Blackberry devices, iPhones, etc): Please review the policies which address cell phone devices. PDA's may not be used in any fashion which distracts the student, interrupts or disturbs a class or school event. Electronic devices such as iPhones, Blackberries, and the like may not be used as calculators for course work.

Personally-owned Netbooks, Notebooks and Laptop Computers:

(7&8): Such devices are not permitted for use in class, except for certain circumstances with the expressed permission of the teacher (such as for a presentation involving a PowerPoint display).

(9-12): Students will be allowed the use of their own notebook or laptop to take notes, organize course information and the like. Students are to be reminded that the school will not be in any way responsible for safeguarding or storing the device, providing AC power, or helping to maintain or troubleshoot hardware or software. The school will also not be held responsible for loss, damage, or theft of such devices nor for any software issues or data loss. Course instructors will not make any adaptations to the delivery of their course material to accommodate those students who wish to use these tools. Students will not be permitted to connect this equipment into any of the school computers (either by network cable

or wirelessly), but may use the public access wi-fi provided by St. Maurice School to connect to the Internet when outside of class time (unless specific permission granted by the teacher for use in research during class times). Students are expected to adhere to the expected use of the equipment, which is to take notes, organize course information and the like. Messaging, games and connection to wireless networks will not be permitted. In the event that a student misuses his or her device during class time, the classroom teacher will inform the administration. At the discretion of the administration, the improper use of such devices will result in the loss of the privilege of their use for all classes, for those students.

20. Lost and Found

Found objects should be placed in the Lost and Found boxes located in the K-8 area or the high school area. Valuable items must be turned in to a school office. Keeping something that you have found is considered theft. Unclaimed items will be donated to charity several times during the year. St. Maurice School will not be held liable for lost items.

21. School Closures

Cancellation of classes or a delayed opening will be announced on CJOB radio (680 AM). Every effort will be made to make such an announcement by 7:00 a.m. St. Maurice School will be closed due to a major snowstorm if the schools of the Pembina Trails School Division are closed.

22. Fire Drills / Emergency Evacuations / School Lock Down Drills

Several fire drills will be conducted throughout the school year as required by law. Students must follow the exit procedures exactly as posted in each room. Windows and doors are to be closed upon exit. Silence and orderly movement must be maintained as the building is cleared and attendance is taken. Students may not re-enter the school until permission is granted by staff.

In the event of an emergency evacuation or fire drill, all students on spare will evacuate the school by the nearest exit and report to the nearest school administrator (locations: playground, parking lot, or Pembina Highway doors). Should the student not find an administrator, he or she must report to the nearest teacher.

School lock down drills are scheduled throughout the school year to practice with students and staff the measures which can be taken to increase their personal safety in the event that a dangerous person enters the school. Students will be instructed by their teacher(s) early in the school year about the procedures to follow in the event of a school lock down.

23. Student Information Updates

Each student is provided with an individual Student Information Update Sheet to be completed and updated by the parent for submission to the school office each September. It is very important that all medical and emergency contact information be kept up to date, and that the school office is advised of any changes which may occur during the year.

Where a student is indicated by their parent as having a serious medical condition (e.g. diabetes, life-threatening allergy), the medical information provided by the parent will be confidentially shared with all school staff. The information relayed to staff may include typical symptoms, likely causes, suggested first aid treatment, and emergency contact numbers. Parents who indicate that their child has a life-threatening allergy will be provided with a copy of the St. Maurice School Inc. Anaphylaxis / Life-threatening Allergies Policy.

24. Accident Procedures

In the case of any minor accident or illness reported to a staff member or to the office, first-aid shall be rendered and parents will be notified if at all possible for further direction. In the case of an accident or illness, which in the opinion of the Principal (or designate) requires immediate medical care, first-aid shall be rendered. The Principal (or designate) will arrange for the injured student to be taken to the

nearest hospital emergency room if it is deemed necessary to do so. The parents shall be notified of such action as soon as possible. Any cost of ambulance service and/or medical treatment will be the responsibility of the parent.

25. Medication Policy

Over the counter medications will not be administered by St. Maurice School Staff (includes pain medications, vitamins, cough syrups, etc). Furthermore, it is recommended that students not bring such medications to school, even if only for their own use.

If it is absolutely necessary for school staff to administer a prescribed medication, a parent must obtain, fill out and submit a Parental Authorization for Dispensing Prescription Medication form. This form can be obtained from either school office and must be submitted to the school office once completed. The medication must be brought to the school office in a container bearing the original pharmacist's label indicating: Physician's name, date and number of prescription, type of medication, child's name, dosage instructions. Pre-measured doses in pharmacist-labelled blister packs are required for frequent and longer-term medication requirements.

26. Student Services

Students at St. Maurice School have access to clinician services through a shared services agreement with the Child Guidance Clinic (CGC) of the Winnipeg School Division. Referrals are made to CGC by the school's Resource Teacher and an Administrator. These services include a psychologist, social worker, reading specialist, and a speech and language pathologist. Due to the fact that these services are performed by personnel not directly employed by St. Maurice School, parental consent is required for all referrals. Any student, however, at the discretion of the administration may have access to these services on a consultation basis only unless otherwise stated by parents in writing to the Principal at the onset of the school year.

27. School Property

Students causing damage to school property will be liable to disciplinary action and will be held financially responsible for repairs or replacements. This includes the defacing of desk surfaces, lockers, bulletin boards, etc. Students are asked to report any damaged or unsafe school property or equipment to the school office.

28. Lockers and Personal Property

The locker(s) assigned to a student are school property and the privilege of having a locker may be revoked by the school administration. Switching lockers is not permitted without the prior approval of the home room teacher. Students must bring their own combination or keyed lock(s). The combination or a key for each lock must be left with the home room teacher. Combinations should never be shared with others. If a lock is changed, the home room teacher must be advised of the new combination or provided with a copy of the new key.

Students are responsible for all of their personal property. The school will not assume responsibility for damaged, lost or stolen articles. It is recommended that the student's name be clearly written on all personal items (calculators, etc). Valuable items and large amounts of money should never be brought to school. Materials must never be left in the washrooms, hallways, or on top of the lockers. Students are expected to secure all of their belongings in their locker or take their bag with them at all times (including the gymnasium when attending Phys. Ed. classes.)

Students assigned a locker must abide by the following conditions:

- Lockers must be kept clean. Food items that may spoil must not be stored for more than 2 days.
- Items should not be placed on top of the lockers at any time.
- Items found on top of the lockers or unattended in the hallways may be moved into the lost and found boxes without warning.
- Dangerous goods and materials must not be brought to school or placed in lockers.
- The locker is subject to inspection by school authorities at any time. In a situation where the

locker must be opened and the student is unavailable, the locker will be opened by a school authority and the student will be notified. The school is not responsible for the replacement of the damaged lock.

- Posters or pictures are permitted inside the locker but any poster or picture deemed inappropriate or offensive by an administrator must be immediately removed. Disciplinary consequences may also be applied.
- Lockers must be securely locked at all times. Failure to do so may result in the loss of locker privileges.
- Thefts should be immediately reported to the office. Practical jokes such as hiding books, changing locks, etc. will be subject to disciplinary action.

29. School Supplies

Parents are asked to ensure that students attend school with all of the items indicated on the School Supplies List provided by the beginning of the school year. Items which are lost or used up need to be replaced throughout the year.

30. Textbooks

Students will be assigned a numbered copy of each required text at the beginning of the school year. Students must write their name in ink in the appropriate space inside the cover of each text.

At the end of the school year, students are expected to return their school textbooks during the scheduled Textbook Return Times in June. All books must be returned directly into the hands of the subject teacher. Books should never be deposited outside the classroom door, outside the examination room, at any of the school offices or left unaccounted for at any time. After the textbook return deadline, any school books not returned will result in the student being charged the full replacement cost of each missing book. This charge is non-refundable even if a missing book has been found and returned since a replacement text will already have been ordered for use next year.

Students are liable for lost or damaged texts and will be fined accordingly by deduction from their textbook caution fee and assessed fines for any outstanding balance.

31. Library

The library must remain a place for research and study. Students must respect the rights of others who are trying to work. The library may be closed to students due to classes scheduled in the library, book fairs, special presentations, etc. Students must be in full uniform when in the library. Food and drinks are not permitted in the library. The library hours are from 8:30 a.m. until 3:30 p.m daily. Students using the library after school must leave the school building or attend the Grade 7 to 12 study hall when the library closes for the day.

Damaged, lost or overdue library materials will result in suspension of borrowing privileges, fines and/or other consequences. Students may use the computers in the library for school work only. The same guidelines and Computer Acceptable Use Agreement as for the computer lab applies to the computers in the library.

32. Music and Band Room

The Music and Band Room is only to be used for teacher supervised classes and activities. Food and drinks are not permitted in the Music and Band Room.

33. Science Lab and Laboratory Equipment

The Science Lab is only to be used for teacher supervised classes, experiments or activities. The lab is not ordinarily to be used for any other purpose (club meetings, etc.) While working in the lab, students must maintain an orderly, quiet work environment. Food is not permitted in the science lab at any time. Laboratory equipment may only be used under the supervision of a qualified teacher.

34. School Computers and Electronics

Students and their parent(s) agree to the terms of the St. Maurice School Computer Acceptable Use Agreement (below) by signing the St. Maurice School Student Handbook Signature Slip. Students needing to complete assignments or Internet research using any of the school's desktop or laptop computers must be directly supervised by a staff member while doing so. All school computers and Internet access is to be used for school work only (ie. no personal e-mail, chat rooms, etc.). Food and drinks are not permitted in the computer lab. School-owned digital cameras, video recorders, televisions, VCR/DVD players, CD players, computer peripherals, etc. may only be used by students for school projects and only with the direct permission of a teacher.

35. Computer Acceptable Use Agreement

St. Maurice School provides access to individual desktop and laptop computers, the school computer network and the Internet with all of its informational resources, communications, searching, and browsing tools. The school network is the sole property of St. Maurice School, Inc. and consists of all computers in the school whether part of the local area network or stand-alone. St. Maurice School provides computer access to its students and staff as a privilege, not a right, and access is made available only so long as they agree to this Computer Acceptable Use Agreement. For the purposes of this document the term network refers to both the internal and external networks (i.e. the Internet), including but not limited to all computers in the school. The inappropriate use of any computer equipment, network resource, Internet or otherwise, will result in disciplinary action, including without limitation: reprimand, suspension or termination of access privileges to all school computers, suspension or expulsion from the school and/or appropriate legal action.

The following expectations apply to the school computer systems and networks, including the public access wi-fi made available by St. Maurice School:

- The network is intended for educational and/or research purposes only.
- The network is a shared resource, and must be used in moderation. Please be aware that there are other St. Maurice users who will want to access the network.
- When interacting with others via the Internet, students are expected to behave as they would in any other environment where they represent the school.
- Sensitive, confidential or personal information should not be communicated over the school network.
- Students may not use any school computer without the direct permission and supervision of a St. Maurice School staff member.
- Students may only print under the direct instruction or permission of a staff member. Students do not have access to colour printing.

Note: St. Maurice School staff will not provide technical support for personal computer equipment accessing the Internet via the public wi-fi system available in the school. Persons choosing to connect their own devices to the Internet using the wi-fi access do so at their own risk; anti-virus, anti-spyware, and firewall protection is the responsibility of the user/device owner. Please also refer to this Student Handbook's section on Telephones and Electronics - Personally-owned Netbooks, Notebooks and Laptop Computers.

The following is a sample list of some specific behaviours that may lead to disciplinary action. The inappropriate use of the computers and/or network includes, but is not limited to, the following:

- Tampering with computers, computer systems, computer equipment, software, network cabling or routing devices.
- Only school-related personal files or content may be loaded, copied or stored onto the local or network drive(s) of a school computer.
- Programs and/or any other executable files may not be loaded, copied or stored onto the local or network drive(s) of a school computer by students. Such installations must be carried out by the school computer administrators or designated school staff only.
- Desktops, screen appearances, wallpapers, and all settings must be maintained according to the directives of the school computer administrators or designated school staff.
- Printing without the permission of a school staff member.

- Defaming the school, its employees, contractors or other students.
- Duplicating, storing or transmitting any material in violation of Canadian Law including, but not limited to infringing on anyone's intellectual property rights, i.e. copyright.
- Duplicating, storing, or transmitting pornographic materials.
- Transmitting, using or posting threatening, abusive, or obscene language or materials.
- Criticizing, harassing, insulting, or attacking another person via the network.
- Sending or receiving e-mail using any other service than the one provided by the school. (Students authorized to have the use of an individual school-based, safe e-mail account may send or receive e-mails using their own school e-mail account when permitted computer time to do so).
- Re-posting personal e-mail.
- Corresponding through the network with unknown persons, unless specifically authorized by a teacher.
- Downloading any material not used for academic purposes, unless specifically authorized by a teacher.
- Subscribing to or corresponding through mailing lists, chat rooms, news groups, or any other network services, unless specifically directed to do so by a teacher.
- Web-based computer games and activities may only be accessed and used with the direct approval of the teacher and of that particular website and/or game/activity.
- Using the network to make unauthorized entry into other computer resources.
- Using software designed to disrupt the security of the network or devices on the network, or spying on the network traffic of other users.
- Knowingly and intentionally engaging in any activity that spreads malicious software of any kind to computers at school or on the Internet.
- Using the network for commercial or shopping purposes.
- Using the network for illegal, inappropriate, or obscene purposes, or for purposes in support of such activities.
- Using another person's account on the accessible computer systems.

Portable memory storage devices may be used by students to transfer data files; however, no cable connections to mobile devices will be permitted. If a student is in doubt about the suitability of a portable memory device for interface with any of the school computers or the network, they are to consult a computer lab administrator or school administrator in advance of connecting the device to any school systems.

Students are strongly advised to not share their user name and password with others. Students who suspect that their account security has been compromised are asked to see a school computer administrator. Students are expected to immediately notify their teacher or a school administrator if they have reason to believe that any user (including themselves) may have breached this agreement.

Please be advised that the school reserves the right to monitor, audit, intercept, review, screen, edit, delete, remove, collect, use, store and/or disclose any information or materials relating to student's activities using the school computers, network, and/or wi-fi access. The use of the school computers, network and/or wi-fi access is not to be considered private in any way, shape or form at any time. The school will solely determine what is considered "inappropriate" use of the network.

Acceptance of this agreement is made by the parent and student as they sign and return the Student Handbook Signature Slip found at the end of this handbook. The student and parent signatures indicate that they have read, understood and accepted the terms and conditions of the St. Maurice School Computer Network Acceptable Use Agreement for Students. By way of their signatures, the students and parents give their consent to school personnel to enforce any or all of the above precautions and consequences without limitations.

36. Physical Education Classes

Students are expected to change quickly and quietly for phys. ed. classes in the designated change rooms. Students must not leave any personal effects unattended in the change rooms. Students are expected to secure all of their belongings in their locker or take their bag with them to the gymnasium when attending phys. ed. classes. Students not in full phys. ed. uniform will lose a percentage of their

phys. ed. grade, may be excluded from activities and may be subject to an extra assignment given by the teacher. Students must change quickly and quietly at the end of phys. ed. class in order to report to their next class on time.

Physical Education Uniform (Grades 7 to 12)

- ◆ Blue T-shirt crested with the St. Maurice School logo or St. Maurice School Track T-shirt - To be purchased only through the school - Please contact the school office for gym uniform T-shirt sales information.

Plain navy blue shorts or school team shorts

Non-marking runners

Navy blue sweatpants and/or a navy blue crewneck sweatshirt (no hoodies) may also be worn at the discretion of the Phys. Ed. Teacher (particularly for outdoor activities in the fall or spring).

A note from the parent and/or a medical doctor will be required to excuse a student from participation in phys. ed. activities. A replacement assignment may be required to fulfill the requirements of that unit.

The compulsory Grade 11 and 12 Physical Education/Health credit courses (PEH30F and PEH40F) will require that the student attend in-school classes for 40% of the required credit hours, and provide documented evidence of their Physical Education / Health course activities out of school for the remainder of the required course time. Students and parents will receive an information package from the student's Phys Ed Teacher at the beginning of the school year.

37. Gymnasium

The gym is closed to all students unless they are under the direct supervision of a teacher or designated adult coach. Senior students are not permitted in the gym while junior classes or activities are being conducted (unless they have been specifically requested to help by the teacher). Only players and coaches (and students solicited by coaches to help) are to be present at team practices. No food is permitted in the gym. Students may not chew gum in the gym. Sealable containers of water are permitted in the gym, but must be kept along a wall or under a bench.

Students may not borrow any gym equipment without the prior approval of a phys. ed. teacher. All borrowed equipment must be returned in good repair immediately after use.

Students may use roller blades or skateboards if given permission and direct supervision during their physical education class. All appropriate safety equipment (helmet, pads) must be supplied by the student and worn during the activity. Other than for the above noted purpose, students are not permitted to use roller blades or skateboards anywhere on school property.

38. Field Trips

Parents sign a general permission release for local community trips (e.g. visits by elementary students to the Golden Door Nursing Home). This general permission is granted by the parent's signature for side 2 of this Student Handbook's Signature Slip.

For off-site field trips, an information letter outlining the specifics of the trip is sent home in advance of the event. Parents are asked to contact the teacher in charge of the field trip with any questions they may have. The specific permission slip for each individual outing must be signed by the parent and returned to the indicated teacher with any required fees on or before the due date. Phone calls or email messages from parents will not ordinarily be acceptable. Students for whom specific written and signed permission from the parent is not received may not be permitted to attend the field trip. Also, students who fail to demonstrate good behaviour will not be eligible to participate in out of school field trips or events. Students in these circumstances would be expected to attend at school during the field trip or event, subject to the arrangements provided by their teacher and/or the administration. Please also refer to the Infraction Policy in the section titled Code of Conduct.

39. Graduation Requirements (9-12)

Grade 9 to 12 students must meet the Manitoba Education requirements for High School Graduation by obtaining credits in a sufficient number of courses which include specific compulsory credits at each level. Students must also ensure that they meet the entrance requirements of the post -secondary education, training or work situations they intend to pursue. Students and parents are asked to contact the school administration with any questions regarding the current graduation requirements and/or the student's current credit status.

Students completing their Grade 12 year must obtain a passing grade in the Grade 12 English course which is compulsory at St. Maurice School, and a passing grade in the compulsory Grade 12 Religion class in order to be awarded the St. Maurice School Diploma at Graduation (in addition to the Manitoba Education Diploma awarded upon satisfactory completion of the Province of Manitoba high school graduation requirements). The St. Maurice School Diploma may be withheld from a graduating student who has clearly demonstrated behaviours and attitudes which are not in keeping with the philosophy of St. Maurice School.

The St. Maurice School Business Education Graduation Certificate will be awarded for qualifying Business Education Program students in addition to the St. Maurice School Diploma and the Manitoba Education Diploma (upon successful completion of their respective criteria).

40. Full Time Student Status Requirement (9-12)

All students attending St. Maurice School must be enrolled as full time students. The high school program at St. Maurice requires that students are registered for a minimum number of credits at each level:

- Grade 9 - 8 credits
- Grade 10 - 8 credits
- Grade 11 - 8 credits
- Grade 12 - 6.5 credits

The credit course schedule indicated above includes all compulsory courses required for high school graduation in Manitoba under the Senior Years English Program.

41. Grade 7 and 8 Option Course Selection and Option Course Changes

Students and parents for Grade 7 and 8 will be provided with an option course selection sheet and course description for their one option selection (either Art or Music: Band). Students are registered into the option course on a first come - first served basis.

Note for Music: Band: In order to provide opportunities for all band members to play together (with their various instruments), some whole-band practice and performance classes will be scheduled outside of the regular timetable (eg. before school, during the lunch period and/or after school). Such band classes take precedence over any extra-curriculars or activities. Students choosing the Music: Band course must firmly commit to all class times, including those outside of the regular school day schedule.

Grade 7&8 students may request to change from one option course into the other until a set deadline (see below). Once this deadline has passed, a student may not elect to switch option courses. Students who do switch into another course should not expect make up work to be provided for the class time missed. They will be responsible for all course content missed.

Deadline for requests for change from Art to Band: approximately two weeks from the commencement of classes in September (see the Course Changes Deadline on the September school calendar)

Deadline for requests for change from Band to Art:
approximately two weeks from the beginning of October

The school administration may require that a student be moved from one option course into the other as a result of a demonstrated lack of interest and/or aptitude in the option course. Such course transfers may be implemented up to two weeks beyond date of issue of the First Term Final Report Card in January.

42. Grades 9-12 Option Course(s) Selection

A course descriptions booklet is published for each high school level in the spring of each school year. It describes all of the courses which may be offered in the following school year, subject to enrollment and staffing. A number of courses have prerequisites and/or co-requisites for entry. Such requirements are established by the administration and are based on expectations of background knowledge and ability as demonstrated in previous courses. Please consult a Grade 9, 10, 11, or 12 Course Descriptions Booklet for further details.

Students and parents must carefully consider course selections in light of the student's abilities, interests and requirements for entry into post-secondary programs. Students are advised to consult with the subject teachers, the school counsellor and/or the school administration as they make their selections. It is important to recognize that students must select courses that are appropriate to their individual aptitudes and needs. Well-chosen courses would include those that realistically challenge a student's aptitudes, abilities and interests.

Student and parents are advised to plan carefully in order to choose a course path which will prepare the student for the option courses they may wish to follow in their senior years and/or into their post-secondary education. St. Maurice School administrators are available to answer general questions about program planning. Please also consult the universities and colleges regarding their specific admission requirements and the prerequisites they may have for particular faculties or programs.

Some courses, particularly those which combine students from various levels (e.g. Band, Choral), will be scheduled to include compulsory class times outside of the regular timetable (eg. before school, during the lunch period and/or after school). Such classes for credit take precedence over any school extra-curriculars or other activities. Students will be provided with the anticipated course scheduling with their course option sheet, published in late spring. Students choosing one or both of these courses must firmly commit to all class times, including those outside of the regular school day schedule to earn credit in the course.

Option Course Eligibility: Please Refer to the Grades 9 to 12 Course Prerequisites and Co-Requisites listing in a current Course Descriptions booklet. Students who have met the pre-requisite course and/or pre-requisite mark requirement for entry into a given course will be given priority consideration.

Should more eligible students register for an option course than can be accommodated, the following factors will be considered:

- final mark standing in the pre-requisite course(s) or previous course(s) in the subject area
- date of receipt by the school office of the student's option sheet

Eligible students on the waiting list for a course will be consulted should space become available. Transfers into an option course for eligible students will only be permitted until the regularly scheduled Course Change Deadline (see the section of the student handbook in the agenda on Course Change Requests).

There are special credits that can be earned in addition to the credit courses offered at St. Maurice. These may include Special Language Credits, Cadet Credits, Distance Learning Courses (Independent Study Option), and credits for the Private Music Option. Please obtain further information from a Grade 9, 10, 11 or 12 Course Descriptions Booklet.

43. Course Change Requests (9-12)

Course change request deadlines:

- Grade 9 to 12 students have approximately two weeks from the commencement of classes in September during which time they may request to change from one course into another (see the Course Changes Deadline on the September school calendar).
- Students will have approximately two weeks from the commencement of classes in the Second Term during which time they may request to change from one second term half-credit option

course into another.

Any course change would require that the school timetable, the student's graduation program, and the student's prerequisite standings permit such a change. Once the course changes deadline has passed, a student may not elect to switch courses. Students who do switch into another course should not expect make up work to be provided for the class time missed. They will be responsible for all course content missed.

In the case of Mathematics at the Grades 10, 11, or 12 level, the student may request to change from one type of mathematics course into another at the same level until the course changes deadline (provided that the student has the prerequisite to move into Pre-Calculus). After the course changes deadline has passed, a student may be transferred from Pre-Calculus Mathematics into Essential Mathematics at the same level, upon the recommendation of the Administration and Teacher of Pre-Calculus Mathematics. Pre-Calculus Mathematics 20S/30S to Essential Mathematics 20S/30S transfers will not be permitted after a period of two weeks from the date of issue of the First Term Final Report Card in February. Pre-Calculus Mathematics 40S to Essential Mathematics 40S transfers will not be permitted after a period of two weeks from the date of issue of the First Term Progress Report in November. A student may not be transferred into Essential Mathematics if he or she is currently registered in any course which requires Pre-Calculus Mathematics as a co-requisite (e.g. Chemistry, Physics, Calculus AP). Depending upon the home room grouping to which the student is currently assigned, a course change from Pre-Calculus to Essential Mathematics may require that the student be changed into the other home room for all compulsory courses at their level. The transferred student will not be eligible for an exemption from the final exam for the course into which they were transferred.

In the case of English at the Grades 11 or 12 level, the student may request to change between English Comprehensive Focus and English Literary Focus at the same level until the course changes deadline (provided that the student has the prerequisite to move into English Literary Focus). After the course changes deadline has passed, a student may be transferred from English Literary into English Comprehensive at the same level, upon the recommendation of the Administration and Teacher of English Literary Focus. Literary to Comprehensive English transfers will not be permitted after a period of two weeks from the date of issue of the First Term Final Report Card. Depending upon the home room grouping to which the student is currently assigned, a course change between English Comprehensive Focus and English Literary Focus may require that the student be changed into the other home room grouping for other courses at their level. The transferred student will not be eligible for an exemption from the final exam for the course into which they were transferred.

44. Voluntary Withdrawals (VW) from Courses (9-12)

A student may be eligible to voluntarily withdraw from a course at any time during the school year prior to the last day of regular classes in June. Please meet with the high school Vice-Principal to obtain the proper form. In considering the withdrawal from a course, the student must recognize that they must still meet the requirements of the compulsory courses for their level, and the minimum credit requirements for graduation. All students must* also maintain registration in the minimum number of credits for full-time student status at their level at St. Maurice School.

*An exception may be permitted for a student to drop below the full time status for their level, provided that:

- ◆ the student's First Term Final mark in the course (February) is below 40%,
- ◆ the student will be not more than 1.0 credit below the full time status minimum for their level, after the VW,
- ◆ the VW will not delay the student's anticipated year of graduation, and
- ◆ the student's parents and the school administration provide written approval for the VW.

Any Grade 9 or 10 student who voluntarily withdraws from a course will be expected to attend supervised study periods during the course time slot for the remainder of the school year.

45. Course Outlines

A course outline indicates the course topics, approximate timelines, term work evaluation process and term mark breakdown, specific classroom or course expectations/rules, etc. Students will be provided with a copy of the course outline as early as possible in the school year for each of their courses. They are expected to keep their outline in their course binder for reference throughout the entire school year and are encouraged to share each outline's information with their parents.

Please note that changes to a course outline and the stated requirements may be made at the discretion of the teacher. Necessary changes will be based on sound reasons such as student interests for example, but will be in keeping with provincial course outcomes.

46. Calculator Policy

Students must have an electronic calculator for their courses in mathematics, the sciences and some other courses. St. Maurice School Staff provides a recommendation on the school supply lists regarding the brand and type of calculator(s) required. Keystrokes reviewed in classes will reflect the programming of the recommended calculators. Students and parents choosing to purchase a different brand or type of calculator should not expect teachers to instruct the student in any varying forms of keystroking and/or programming.

Students are also to be aware that calculators will not be permitted for use in certain courses and for some or all assessment items or sections of items, as indicated by the subject teacher. Electronic devices such as iPhones, Blackberries, and the like may not be used as calculators for course work.

In general, programmable and/or graphing calculators and calculators with QWERTY or alpha keyboards may not be used during any type of formal assessment (quizzes, tests or exams) in any course except Calculus 42S-AP. The subject teacher may permit the use of such calculators for some specific assessment items (other than formal exams).

Any calculator the student wishes to use during an assessment is subject to inspection by the teacher in advance of or during the assessment, whether the calculator is school-owned or personally owned. Failure to comply with this requirement will result in the student not being permitted to use a calculator for that assessment item.

Calculators found to contain inadmissible memory and/or program entries will be confiscated and will later have those items deleted by the teacher. The student intending to use a calculator containing inadmissible information will be subject to disciplinary action according to the school's policy on Academic Honesty published elsewhere in the St. Maurice School Student Handbook.

47. Homework

All learning does not take place in the classroom. To reinforce the learning process, it is expected that each student spend time on homework, readings, research and study on a daily basis. Homework such as class assignments, projects and reviewing should take precedence over other activities. All students are expected to use their student agenda to diligently record their assignments, due dates and scores on a daily, class by class basis. Parents are encouraged to review their child's agenda daily to be advised of upcoming assignments, tests, etc. Students are strongly encouraged to wisely use any available study hall or spare period time for homework and study. The minimum average times for daily after-school work are:

Grade 7 and 8:	1 to 1½ hours
Grades 9 and 10:	1 ½ to 2 hours
Grades 11 and 12:	2 - 3 hours

For Grade 7 and 8 students, a 3:30 to 4:30 pm Homework Study Hall for one or two weeks may be assigned for non-behaviour related infractions (such as lack of homework completion, etc).

48. Reporting Periods, Report Cards, Transcripts

The school year is divided into 2 main reporting periods (named Terms 1 and 2). The First Term Final Report will be issued in February after the first term examinations. The Final Report issued at the end of the school year will show the final grade earned in each course as a percentage calculated as an average of Term 1 and Term 2*.

*Exception: Calculus 42S-AP will report a running total mark in November, February and April, and an overall final course mark for the 42S high school credit in June. Students in this course will write two cumulative mid-term exams (usually in November and March) and a year-end cumulative exam.

Progress Reports are issued mid way through Terms 1 and 2. Please recognize that Progress Reports will often be based on limited evaluation and assessment to that early stage of the term.

Half-credit courses which run during a single term will issue a midterm Progress Report (November for Term 1 courses or February for Term 2 courses) and a Final Report at the end of the course (in January for Term 1 courses, in June for Term 2 courses).

A report card Parent Reply Sheet indicating that the parents have seen the report card must be taken home, signed and returned at each reporting period. Formal parent-teacher interviews will be held after the first term progress reports (November) and after the first term final reports (February).

All Report Cards issued are to be retained by the parents for their records. Please be sure to keep the student's report cards in a secure location. Reprints of report cards are usually not possible.

Students in Grade 10, 11 or 12 who require a Student Academic Transcript of their earned credits for application to a post-secondary institution or for a special program, award, or scholarship may request one from the high school office. A one or two day turn around time is to be expected.

Students are expected to provide an addressed and postage stamped envelope for all report card and transcript mailings which must be sent directly from the school (eg. transcripts, letter of standing, etc).

49. Honour Rolls

After the Term 1 Final Report and the June Final Report, students achieving an unrounded average over all of their courses* of 80.00% or greater will be placed on the school's Honour Roll. Students who achieve an unrounded average over all of their courses* of 90.00% or greater on their June Final Report will have their names engraved on the school's permanent Honour Roll Gold plaques. Students who are eligible for the honour roll must also demonstrate the highest degree of academic honesty toward their studies.

*must include a minimum course load for that level, excluding any audited courses or credits earned outside of St. Maurice School.

50. Examinations (8-12)

8: Grade 8 students write 2 hour examinations in January and June (English Language Arts, Mathematics, Science, Social Studies), and may earn exemptions from the June exams. Grade 8 formal exams are valued at 30% of the total Term 1 or Term 2 mark. Non-exam courses may have in-class final tests held prior to the formal examination sessions.

9-12: Grade 9 to 12 students write 3 hour examinations in most courses in January and June and may earn exemptions from the June exams. Grade 9-12 formal exams are valued at 40% of the total Term 1 or Term 2 mark. Students in Grade 9 and Grade 12 may be required to write Provincial Standards Tests in June as required by Manitoba Education. Non-exam courses may have in-class final tests held prior to the formal examination sessions.

If a student is absent from an examination, the parents are expected to contact the school administration in advance of the exam start time to explain the reason for the absence. Please note that examinations are an integral part of the student's academic evaluation and every effort should be made to write all

examinations at their scheduled times. Refer to the Missed Due Dates, Tests and Exams section of this handbook.

Examination Regulations:

- a) Students must be sure to carefully note the date and time posted for each of their exams. All students are expected to be on time for their scheduled exam. Late students may not be permitted entry to write their exam. No additional time will be granted to any student admitted late into an exam. Please also refer to the Missed Assignment Due Dates, Missed Tests, Presentations and Exams section of this handbook.
- b) All students must be dressed in full school uniform in order to be admitted to the examination room.
- c) All Grade 8 students must remain in the examination room for a minimum of 1 hour from the start of the examination. All Grade 9 to 12 students must remain in the examination room for a minimum of 1.5 hours from the start of the examination. The first dismissal time will be announced and organized by the Teacher-in-Charge.
- d) Grade 8 students are permitted to write for a maximum of 2 hours from the exam start time. Grade 9 to 12 students are permitted to write for a maximum of 3 hours from the exam start time.
- e) Students must not ask the supervising teachers to interpret any question in any examination paper or to give them any information whatsoever concerning the whole or any portion of any examination paper. Should any error appear to have been made in any question or examination paper, the student must ask to see the Teacher-in-Charge.
- f) Communication of any kind is prohibited at any time while students are in the examination room.
- g) All students are responsible for the confidentiality of their own papers. Students must not leave their answers exposed so that others may copy from them.
- h) Equipment such as dictionaries, calculators, and geometry sets may be permitted for use on the exam by individual subject teachers. Students will be notified during the classes prior to the examinations exactly what equipment is to be brought to the examination room. Students must not take into the examination room any books, notes or any other materials unless these have been previously approved by the subject teacher.
- i) Programmable and/or graphic calculators (except for Calculus 42S-AP exams), PDA's, and calculators with QWERTY or alpha keyboards are not allowed in the examination room at any time. Please also refer to the Calculator Policy published elsewhere in this handbook. Students in doubt about the admissibility of their calculator are asked to consult the subject teacher for that exam well in advance of the examination period.
- j) Cellular phones, PDA's, cameras, MP3 or other music players, etc. are not permitted in the exam room at any time. Students are strongly advised to leave such items at home.
- k) Any sharing of equipment between students is strictly prohibited. (ie. pens, rulers, erasers, White-Out, etc). Calculators and/or other materials will not be loaned at the office for any examination.
- l) Water bottles (water only, in a sealable container) and throat/cough lozenges may be brought into the examination room. Bathroom use will be on an "emergency only" basis during an exam.
- m) Pencil cases, jackets, coats, bags and purses may not be brought into the examination room. Calculator covers and function reference cards must be removed prior to entering the examination room. Students are strongly advised to store these items in their locker before they proceed to the examination room.

- n) The school will not be held liable for any personal items or school textbooks a student leaves outside of the exam room. All such items should be left at home or placed into the student's locked locker.
- o) During the examination period, students are not permitted to loiter anywhere in the school building. When not scheduled to write an exam, students may attend their scheduled extra help sessions with their teachers or may bring materials to study in the designated classroom(s). Students must not disrupt the extra help sessions or study hall time for other students and/or the marking time of teachers.
- p) Any type of academic dishonesty during an examination may constitute grounds for dismissal from the examination and the assignment of a zero for that examination. Please also refer to the Academic Honesty section of this handbook.

Note: Examinations will not be returned to students but may be reviewed with the teacher during a class or extra help session.

51. Exemptions (8-12)

The exemption from a formal June final exam in a particular course is a privilege which may be accorded to any Grade 8 to 12 student who has fulfilled all of the following criteria:

- active and complete participation in class work and course assignments
- the average mark of the Term 1 Final Report and the Term 2 Work mark (Term 2 result prior to the examinations) must be 80% or higher
- the Term 2 Work mark itself must be 80% or higher
- regular attendance in that class (see below)
- positive attitude toward the course
- students who are eligible for an exemption must also have demonstrated the highest degree of academic honesty toward their studies.
- students who are eligible for an exemption must have no more than four recorded infractions over the entire school year

All students are expected to study and fully prepare for the final exams in all of their courses and must never presume that they will automatically be awarded an exemption privilege from any or all of their formal final exams.

Exemptions will not be accorded in cases of excessive absences. For courses which are scheduled for 5 periods in the 6 day cycle, if twelve (12) or more classes are missed, *for any reason**, the exemption privilege will not be accorded. (*including vacations, illness, medical or other appointments, non-school athletics, employment, etc).

The number of absences affecting exemptions are adjusted proportionally for courses which have other than 5 classes per 6 day cycle. At the Grade 8 level, this means:

ELA	Warning = 16	No exemption = 24
Math	Warning = 9	No exemption = 14
Science	Warning = 8	No exemption = 12
Social Studies	Warning = 8	No exemption = 12

Exemptions will not be awarded in any course where:

- the final exam is scheduled during regular class time.
- a provincial exam or provincial standards test is to be administered.
- the January First Term Exam is not written for any reason (including illness).
- the final exam is for Advanced Placement Credit. (AP students must write either the AP College Board exam or the St. Maurice School final exam).
- the student was transferred from one course into another after the deadline for course change requests (eg. administrative transfer of a student from Pre-Calculus Math into Consumer Math, or from English Literary Focus into English Comprehensive Focus - refer to Section 42 Course Change Requests)

Note: Should a student wish to write the final exam though he or she has been accorded the privilege of an exemption in that course, the student must obtain a Waiver of Exemption from Final Exam form from the high school office. This form must be signed by both the student and his or her parent and submitted at least 24 hours before the scheduled start time for that exam. The student's final mark in the course will reflect the regular exam weighting, regardless of the student's level of success on the exam.

52. Missed Assignment Due Dates, Missed Tests, Presentations and Exams

Assignments: If a student is absent from class on the day an assignment is due, the student must present the assignment to the subject teacher on the day they return to school. Late penalties may be applied (as determined by the subject teacher). In the case of extended absences, the student should make every effort to have the assignment brought to school by the due date.

Quiz / Test / Presentation: If a student is absent from a test (or class presentation), the student may be permitted to write a makeup test (or present) as soon as possible after their return. The makeup test (or presentation) must be written (presented) within three school days of the student's return to school, after which a score of zero will be given. Furthermore, the absence from the test (or presentation) must be explained by the parent. If required, the student will be provided with a test (or presentation) absence note to be signed by the parent and returned to the subject teacher within three school days of the student's return to school, after which a score of zero for the makeup test (or presentation) will be given.

Examinations: If a student must be absent from an examination, the parents are expected to contact the school administration in advance or at least before the scheduled start time for the exam. Should a student not appear for their scheduled exam, the school office will make every effort to contact the parent. Please note that examinations are an integral part of the student's academic evaluation and every effort should be made to write all examinations at their scheduled times.

Should a student be absent from the January First Term Examination for any reason,

- a makeup exam will not be made available
- the student must write the June Final Examination in that course
- (Grade 8) the student's Final Grade in the course will be calculated as follows: 35% of First Term Final Report mark (exam not written) + 65% of Second Term Final mark (including the June exam).
- (Grades 9-12) the student's Final Grade in the course will be calculated as follows: 30% of First Term Final Report mark (exam not written) + 70% of Second Term Final mark (including the June exam).

Should a student be absent from the June Final Examination for any reason,

- a makeup exam may be made available, and will be scheduled at the discretion of the administration, dependant upon the reason for the absence from the exam
- a medical doctor's note will be required to excuse an exam absence due to illness
- a score of 0% will be recorded for the exam if the absence is not explained by the parent to the administration in advance of the scheduled ending time for the exam

If a makeup exam is not possible, then:

- (Grade 8) the student's Final Grade in the course will be calculated as follows: 65% of First Term Final Report mark (including the January exam) + 35% of Second Term Final mark (exam not written).
- (Grades 9-12) the student's Final Grade in the course will be calculated as follows: 70% of First Term Final Report mark (including the January exam) + 30% of Second Term Final mark (exam not written).

If the January exam was not written for any reason, then the final exam in the course must be written, else a mark of 0% will be issued for the June exam.

Valid reasons which excuse an absence from a test or exam include serious illness, death of family member, unexpected serious emergencies, etc. Parents must not allow students to stay home and miss presentations, tests or exams for minor illness, medical or other appointments, being ill prepared, etc. If a pattern of missed tests and/or exams emerges, appropriate action will be taken.

53. Grievance Procedure

Students having a concern must first approach the teacher with those concerns. Secondly, the parents should approach the teacher, if necessary. As a last measure, the student and/or parents should contact the administration regarding the concern.

54. Academic Honesty

All students are expected to prepare assignments and projects, and write tests and exams, etc. to the best of their own ability. Severe academic consequences will be administered to students who do not pursue their education with honesty and integrity.

Plagiarism: To plagiarize means to take and use the thoughts, writings, inventions, etc. of another person and to pass off the thoughts, writings, inventions, etc. of another person as one's own. ("Plagiarism". Concise Oxford Dictionary: New Edition, 1991).

Copying another student's work in whole or in part is plagiarism. Any student who provides another with work to be plagiarized (ie. copied) will also be subject to the same disciplinary actions. There is a fine line between the case of students discussing independent assignment concepts and the case of students providing/receiving inappropriate peer assistance and answers.

Plagiarism is not restricted to the use of another student's work. Using print or electronic information (e.g. Internet resources) without appropriately citing the source is also plagiarism. All sources, including electronic sources, must be completely and correctly referenced. St. Maurice School students are expected to use the MLA style of citation (unless another style is required by the teacher for certain senior level courses). Students are advised to refer to the MLA style website(s) indicated by their teacher.

Any student whose work, in whole or in part, is found to contain plagiarized material will be assigned a mark of zero for that item of evaluation. An infraction will be recorded, the administration will be notified and additional consequences may be assigned. Repeated acts of plagiarism may result in suspension or expulsion.

Multiple Submission: Students may not submit the same work or portions of the same work they have completed for different courses without the prior permission of all teachers involved. Similarly, students may not re-submit their work from previous school years for evaluation in a current course without the prior permission of the teacher involved.

Cheating: Most types of cheating are well understood to be dishonest and do not need to be itemized in an all-inclusive list. The forms of cheating described below are only some examples of the types of dishonest behaviours which will be dealt with according to the consequences described near the end of this section.

- Having unauthorized materials, notes, etc. available during an individual assessment (quiz, test, etc.).
- Deliberately exposing one's written answers to a quiz, test, etc. so that another student may view them during an individual assessment.
- Failing to comply with the requirements of the Calculator Policy published elsewhere in this handbook.
- Communicating with another student in any way at any time during an individual assessment (quiz, test, etc.). Any communication (oral, written, symbolic, etc) between students during such an assessment, regardless of the content of the communication, will be considered to be cheating and assigned the consequences described below.

Any student who is found to be cheating or attempting to cheat will be assigned a mark of zero for that item of evaluation. No make up test/assessment will be provided. An infraction will be recorded, the administration will be notified and additional consequences may be assigned. Repeated acts of cheating

will result in suspension or expulsion.

Note: Depending upon the weight of the evaluation item, the assignment of a zero mark may result in the student failing the course. A student engaged in academic dishonesty will also forfeit exemption privileges - please refer to the Exemptions section of this handbook.

55. Student Responsibility to Course Work

(Also refer to the Religion Policy of this handbook)

It is to be noted that it is the student's responsibility to work diligently in order to pass a course. Grade 7 to 12 students who fail a required course or who wish to upgrade a final mark must attend summer school in order to meet the requirements for their return to St. Maurice School or to register in a specialized course.

A student who fails more than two core or compulsory subject courses will not be eligible to enrol for the next grade level at St. Maurice School (A student can only enrol in a maximum of two courses at a summer school).

7&8: Should a Grade 7 or 8 student fail a core subject course (ELA, Math, Science, Social Studies), he/she must successfully pass the repeater summer school program for that course in order to return to St. Maurice School the following year.

9-12: Should a Grade 9 to 12 student fail a course, he/she must successfully obtain the credit in summer school if the credit is required for his/her program for graduation. Should the course not be available at a summer school, the student will be required to complete a course by some other means (e.g. distance education / correspondence course). In general, the course timetable at St. Maurice will not permit a student to repeat any given course while advancing to the next level in his/her other courses.

9-12: Should a Grade 9 to 12 student not obtain the prerequisite mark for continuation in that subject area, he/she must upgrade his/her mark in a *repeater* summer school for the course for continuation in the subject area at St. Maurice School. The student's summer school grade must meet or exceed the prerequisite mark for the next level course in the subject area. If the prerequisite mark is not achieved, the student may not register in the next level course at St. Maurice. Students with a failing grade in a pre-requisite course are very strongly urged to obtain the needed prerequisite upgrade from a *non-repeater* summer school version of the course (if available), which provides a more in-depth review of the course content. Please note: Depending upon course option registrations for the upcoming school year, a student requiring a summer school upgrade for entry into a course with a pre-requisite mark may not be able to enter the course if it is already full (students achieving the pre-requisite mark from a regular school year version of the pre-requisite course are given priority consideration provided they have met the minimum pre-requisite mark).

9-12: Students who have obtained prerequisite marks in summer school for a given course may only be granted conditional acceptance into that course (provided that the course is not already full). The conditions to remain enrolled in a course will be set by the administration in collaboration with the subject teacher.

9-12: Summer school upgrades may not be used to fulfil the prerequisite mark needed for registration into an Advanced Placement (AP) course at St. Maurice School.

All registration procedures / costs / fees associated with summer school programs shall be the responsibility of the parent/student.

56. Religion Policy and Christian Service

All students attending St. Maurice School are required to take part in Religion classes. Attendance and reverent participation at class Masses and school Masses are an integral and compulsory part of St. Maurice School. Full day retreats organized by the Religion teachers, including those off-site from St. Maurice School, must be attended by all students as they are a compulsory part of the Religion program.

Christian Service is a important, marked component of the Religion course at each level (7-12). A

guiding principle which will help determine what activities may constitute acceptable Christian Service is that the work must be of service to others for the greater good of God's Kingdom here on earth. Students and parents will receive a detailed information package from the student's Religion Teacher at the beginning of the school year.

Students attending Grade 7 through 11 must obtain a passing grade in Religion class in order to continue at St. Maurice School the following year. Students completing their Grade 12 year must obtain a passing grade in the Religion 41G course in order to be awarded the St. Maurice School Diploma at Graduation (in addition to the Manitoba Education awarded upon satisfactory completion of the Province of Manitoba high school graduation requirements).

Every attempt will be made by the Religion teacher to provide opportunities for the student to succeed. If the student has clearly demonstrated a lack of interest in fulfilling the necessary requirements to complete the Religion course, the student's registration for the following year will be revoked.

57. Code of Conduct

St. Maurice School students are expected to conduct themselves in a manner which exhibits reverence, respect and responsibility.

Students are expected to maintain a respectful attitude towards their peers, schoolmates, staff, parent volunteers, and visitors to the school. Substitute and student teachers have full teaching authority and are to be respected in the same manner as a St. Maurice School teacher. Older students will be expected at all times to set a good example for the young people of the community.

The school's discipline policy is designed to assist students in learning self-control, responsibility for their actions, and how to lead a life that is in keeping with the moral values of our Catholic faith. Physical, verbal or emotional abuse towards another person, bullying, cyber-bullying and discrimination will not be tolerated at St. Maurice School. Serious disciplinary action will be taken by the administration against any student who willfully abuses any other person.

a) Infraction Policy

All behavioural infractions will be recorded on the individual student's Infraction Sheet which will be kept on file in the office for the duration of the school year. Teachers recording an infraction may also contact the student's parents and may also assign additional appropriate consequences to the student. The total number of recorded infractions will be indicated to the parent at each reporting period.

Infractions which may be recorded include:

- repeated late arrival for individual classes
- repeated school uniform issues
- repeated issues with casual day attire identified as inappropriate by staff or administrators
- skipped class or study period
- academic dishonesty, plagiarism or cheating
- playing in the gym when not supervised by a designated adult
- inappropriate behaviour or language
- bullying (whether verbal, physical, electronic or cyber-bullying)
- inappropriate use of computer resources (please refer to the Computer Acceptable Use Agreement of this handbook)
- repeated lack of preparation for class (homework not done, materials not brought to class)
- skipping a teacher-assigned detention
- slandering Catholicity and/or St. Maurice School, by any means
- loitering unsupervised in the school before or after hours
- inappropriate public displays of affection
- any other behaviours deemed inappropriate by any staff member

Should 3 behavioural infractions have been recorded in total for a given student during the current school year, the student will be required to meet with an administrator to discuss the student's lack of compliance with school expectations. The student's parent(s) may also be contacted by telephone or

letter, depending upon the severity of the infractions.

Should 5 behavioural infractions in total be recorded for a given student during the current school year, the student and his or her parent(s) will be required to meet with an administrator. The purpose of this meeting is to ensure that the student's parent is aware of the school's concerns, and to request support for behaviour change in keeping with St. Maurice School's behaviour expectations. Furthermore, for a student with 5 or more recorded infractions during the current school year, the student's exemption privileges for all courses in which they may be otherwise eligible will be lost.

Should 7 behavioural infractions in total be recorded for a given student during the current school year, the student will not be permitted to attend any field trips or school excursions, and will be required to attend at school. The school will not refund any monies prepaid by the student/parent for field trips or excursions withheld due to an accumulation of infractions.

Should 10 or more behavioural infractions in total be recorded for a given student during the current school year, a more serious disciplinary action will be administered (in-school suspension*, out-of-school suspension, revoking of the student's re-registration for the upcoming school year, compulsory withdrawal from St. Maurice School, or immediate expulsion, depending on the severity of the infractions). A meeting to include the school administration, the student and the student's parent(s) must take place.

*In-school suspension days may be scheduled to be served on a scheduled school in-service day.

b) Suspension Policy

Suspension is a disciplinary measure which will be used in circumstances where a student has seriously or repeatedly violated school rules. An accumulation of recorded infractions may result in suspension as may a single but serious incident.

Any evaluation due or conducted during classes held during a suspension (whether in-school or out-of-school) will be awarded a mark of zero (includes assignments that are due, tests, presentations, etc).

A student assigned an in-school suspension is expected to report to the school administration office in full school uniform (unless otherwise advised) before 8:45 am. with any required materials as identified by the administration. Please note that in-school suspensions are sometimes scheduled to be served on a school in-service day. The student will serve their suspension while performing assigned tasks in the location designated by the administration. The student is expected to bring a bag lunch to school as their suspension time will include the lunch period on-site. The student will be dismissed by the administration at the end of their suspension (to go home if an afternoon or full day suspension, or to return to classes if a morning suspension).

A student assigned an out-of-school suspension may not attend classes, be present on school property, or be present at any school-related functions on or off school property during the time of his/her suspension. Violating this guideline is a very serious offence and may result in expulsion from St. Maurice School.

If a student is suspended for a period of 3 or more days, he/she will only be permitted to return to classes after the administration has met with the student and parents.

If a student is suspended 3 or more times in total while attending grades 7-12 at St. Maurice School, he/she may be subject to expulsion or withdrawal from St. Maurice School.

c) Expulsion policy

Expelling a student is a last resort and will only take place if a student continues to behave in ways contrary to St. Maurice School's philosophy. There may be individual offences deemed serious enough to warrant expulsion. In such cases, the student will immediately be suspended until a decision is made. The administration will make every effort to make the decision within 72 hours of the suspension. Parents will be called in when the procedure is to be implemented. Any appeal to an expulsion must be presented to the Director in writing within 72 hours of notification of the expulsion.

58. Smoking Policy

St. Maurice School has been designated as a smoke-free environment. Due to the fact that St. Maurice has both elementary and high school students, it is expected that the senior students set good examples for the younger students. Smoking is therefore prohibited in the school, on school property, and anywhere within sight of the school. The no-smoking policy also applies at school excursions and sports events, etc.

A student who violates the non-smoking policy will be subject to disciplinary actions which may include, but are not limited to: notification to parents, written assignment on the hazards of smoking and/or presentation on the hazards of smoking to elementary students, out-of-school suspension, etc.

59. Alcohol, Drugs, Weapons, Dangerous Goods, and Gang-Related Activities

Possession or use of illegal drugs or alcohol, possession of weapons or dangerous goods (including laser pointers) and gang-related activities are prohibited at St. Maurice School. Students who involve themselves or others in these activities on or off school property during school hours or at school related functions away from the school will be subject to expulsion. Students whose actions may introduce a threat to the safety and well-being of the St. Maurice School community will be liable to severe disciplinary consequences.

60. School Dances (9-12)

Two chaperoned high school dances may be held in the school gym during the school year. The doors will be opened at 7:00 p.m and will close at 8:30 p.m. Students who have a valid reason for arriving after 8:30 p.m. must make arrangements with the administration to be approved for the late arrival list. Such arrangements must be finalized prior to 3:30 p.m. on the day of the dance. Any student choosing to leave the dance after having been admitted will not be permitted to re-enter the dance. The dance will end at 11:00 p.m. Students and parents are asked to make timely transportation arrangements from the dance.

Students may invite one guest to the dance. The guest must be registered in grade 9, 10, 11, or 12 at a Manitoba high school. Sponsor sheets must be completed and submitted to the office by 12:00 noon two school days prior to the dance. Sponsoring students may be held liable for the behaviour of their guest. Graduate alumni and former students of St. Maurice School intending to attend a school dance must be sponsored by a currently registered St. Maurice student. Students entering the dance who are not current students of St. Maurice School will be required to show photo identification at the door (school student card, etc).

All bags, purses, etc. will be searched at the door upon entry. No student will have access to any lockers before, during and after the dance. Students are advised to bring as few items as needed to the dance. No outside food or drink will be permitted entry. The dance organizers will ordinarily offer a canteen of snacks and drinks for sale.

Regular school policies regarding behaviour, smoking, drugs, alcohol, etc. are in effect for this school activity. Students refusing to adhere to these policies will be expelled from the dance, and may be disciplined, suspended or expelled from the school. School dances are supervised by school staff and by parent volunteers. Parents who are willing to help supervise a school dance are asked to please call the school office.

61. Extracurricular Activities

St. Maurice School offers a number of extracurricular activities throughout the school year. Please note that some activities may not be offered in a given school year depending on staff availability, student interest and financial constraints. All extracurricular activities are supervised and coordinated by a staff advisor and must be pre-approved by the school administration.

Students who sign up to participate in any school activity must be prepared to volunteer their time, talent and energy in order to make each project a success. Students who are not dedicated to their chosen extracurricular activity or activities should not expect to be allowed to continue with the club or team.

Lack of commitment from participating students may require that the event or activity be cancelled for all students.

Students must be working to their full potential in all of their classes in order to be eligible to participate in any school sport or extra curricular activity. Parents who wish to withdraw their consent for their child to play on a school team or participate in a school extra-curricular activity because of poor academic effort or results are asked to contact a school administrator.

9-12: Graduating students who have made significant contributions to the extracurricular programs at St. Maurice School will be awarded the school letter at their graduation ceremonies. In order to be eligible for the award, students must participate in at least 20 school-approved extracurriculars over their years in Grades 9-12. Students must complete the application form for the award at the end of each school year. This form requires that the student's advisor or coach initials the activities in which the student was a regular and active participant. Students may not report activities in which they participated in previous school years (ie. students must be sure to file their application at the end of every school year). Students who enroll at St. Maurice after their Grade 9 year will have their school letter eligibility requirement prorated.

7&8 Leadership Group / 9-12 Student Council

The main objectives of these school groups are to develop a sense of community among the students and staff and to develop leadership skills in the individuals who help organize various activities. Past activities have included spirit weeks, noon hour events, small scale fundraising activities, and prayer services.

7&8: Grade 7 and 8 Leadership Group representatives are elected from each of the home rooms.

9-12: Grade 9-12 Student Council representatives are elected to the following positions in May and will take office in the September of the upcoming school year: President, Vice-President, Administrative Secretary, and Public Relations Officer. A Religious Events Coordinator will be appointed by the Administration. Each home room also elects class representatives.

Clubs and Activities

Debating and Public Speaking, Travel Groups, Chess Club, Yearbook, Social Justice Committee, Graduation Committee, etc. All activities are subject to committed student interest, and the availability of school staff supervisors/coaches, and the availability of financial and material resources. Not all activities will necessarily be carried out in any given school year.

Interschool Sports

Students may participate in organized interschool competition in cross-country, golf, volleyball, basketball, badminton, track and field, and soccer. Please see the St. Maurice School Sport Philosophy and Sport Regulations for Student Athletes sections below.

62. St. Maurice School Sport Philosophy

The Physical Education staff, school coaches and administrators have developed the St. Maurice School Sport Philosophy for new and existing coaches, athletes and parents. Copies may be obtained from the Phys. Ed. Coordinators.

63. Sport Regulations for Student Athletes

St. Maurice students are eligible to compete in a number of different interschool sports throughout the school year.

- All student athletes (Grades 7 to 12) wishing to join a school team must pay a general sports fee of \$15.00 before October 1st of the school year. Student athletes may also be assigned fundraising or sport program duties. Monies collected will go for officials, zone fees, equipment,

the sports banquet, gift presentations to coaches, etc.

- Student athletes and their parent(s) may be required to attend a team registration meeting in advance of the tryouts for the volleyball, basketball and soccer teams at all levels. If no team registration meeting is required, the team registration forms will be available for students to take home.
- Completed registration forms and all fees (see below) must be submitted before the player attends any team practices or games. It is critical that all forms and fees be submitted before the stated deadline for each sport since the determination of which team(s) will be registered with the league(s) will be based upon the assessment of complete registrations and fees submitted by the deadline date. Late registrations will not be accepted.
- Grade 7&8 student athletes will pay a team registration fee for each major sport they play (volleyball, basketball, track & field). Monies collected will go for officials (referees, score keepers, timekeepers), zone fees, equipment, facilities rentals, etc.
- Grade 9 to 12 student athletes will pay a team registration fee for each sport they play (cross-country, volleyball, basketball, badminton, soccer, track and field). Monies collected will go for officials (referees, score keepers, timekeepers), zone fees, equipment, facilities rentals, etc.
- Any required permission letter(s) for participation in school sports must be received by the school or coach before the player will be allowed to participate in any practices or games.
- St. Maurice School assigns unisex school jerseys for use by all of our sport teams. These jerseys will be worn by all team members, Grades 7 to 12, for all competition events. One side of the jersey is navy blue, the other is white, and they are printed with numbers on each side. Players are personally responsible for the one, specific numbered jersey assigned to them. Additional jerseys will not be issued to a given player.
- A caution fee will be required from each student assigned a school jersey for each team sport in which they participate. At the end of the season for each sport, upon the return of the assigned jersey that has been kept in good condition, the jersey caution fee will be refunded. Deductions up to the full amount of the caution fee refund will be assessed for damage to or loss of an assigned jersey.
- Student athletes competing in team sports must purchase and wear the uniform team sports shorts available for sale only from the St. Maurice Phys. Ed. Coordinator.
- Players must wear the personally-owned team shorts and the school-owned team jersey whenever they are representing the school in competitions. Players lacking the complete uniform of the school shorts and jersey for a game will not play in that game. This uniform rule will apply to volleyball, basketball, badminton, and soccer. Other athletes representing the school in other events may also be required to comply with this uniform rule.
- **7&8:** At the Junior level of some team sports, a competitive team league and a developmental team league may both be created for that school year's season. The sports coordinators and school administration will have the final discretion over which team league(s) will be joined. All Grade 7 and 8 players who try out are eligible to play on a team. This may require that two teams (one competitive and one developmental) be created. The placement of players into the competitive or developmental team shall be at the sole discretion of the coach(es).
- **9-12:** At the high school level of team sports, the decision to register any team will be based upon the number of complete registrations submitted by student athletes by the deadline date. Initially, where a sufficient number* of players are registered, *one* high school team will be created for each gender (as applicable). The sports coordinators and school administration will have the final discretion over whether this one team will be registered at the Junior Varsity or Varsity level.

* The required number of players for each team to be registered shall be as follows: volleyball - 12, basketball - 10, soccer - 16. Only if the complete registrations and fees submitted number greater than the minimum numbers noted above for each specific level (Junior Varsity and Varsity) will the school consider registering two teams (one at each level for that gender and sport). The sports coordinators and school administration will have the final discretion as to whether a second high school team will be registered.

- **9-12:** At the high school level of team sports, the coach(es) will determine how many and which players to have on the team. The coach(es) will have the final discretion over player selections. Student athletes who do not make the team will have the sport-specific fees they paid returned to them. They may also request to have their general sports fee returned to them (unless they have played or plan to try out for another sport during the school year). Students expelled from a team or who quit a team are not eligible for any fee refunds.
- **7-12:** Grade 7&8 competitive team players and all high school team players and their parents must realize that these are competitive level leagues and that players will play in the games at the discretion of the coach(es). Players will have an equal opportunity to develop skills during practices, but equal game playing time for all players is *not* to be expected. The coach(es) will determine the player needs of the team for or during a particular game circumstance.
- All students participating in sports must be working up to their academic ability in all of their classes. (i.e. "Putting in an honest effort").
- Any student playing in the gym unsupervised by a designated adult coach or teacher will be subject to disciplinary action. This includes team players who must wait for their coach to arrive before they begin their warm-ups, practices or games.
- Unless a player attends 75% of all practices, he or she should not expect to play in any upcoming games or competitions. Any player missing 2 practices in a row prior to a game should not expect to play in that game (although they are ordinarily expected to attend).
- Coaches and team supervisors are not available to supervise other children in the gym during practices and games. Younger siblings of team players may not attend practices. Younger siblings of team players must be supervised by their parent(s) at the games.
- Parents/students are responsible for their own transportation to and from each sporting event. Especially important is the timely pickup of players after events. Teachers/coaches are not in a position to be expected to transport players to or from any events.
- Players are expected to give their best effort, cooperate with their coach(es), show good sportsmanship and teamwork, and have fun while participating.
- Any player who exhibits unsportsmanlike conduct during any sporting event (practices, games, etc.) will be subject to disciplinary action. Such action may include removal from the game (by either the coach or game official), suspension from the team, permanent removal from the team, and/or referral to the school administration. Students expelled from a team or who quit a team at any time during the season are not eligible for any sports fee refunds. At the 9-12 levels of sport, The Manitoba High Schools Athletic Association may also levy fines and suspensions against players.
- Any student athlete who without a good reason does not finish playing in the season or on the team they signed up to play on will not be allowed to play on any other team or in any other sport during that school year and may risk losing all privileges in the gymnasium. An exception may be made if the player discusses with his/her coach the reasons why he/she needs to quit the team; and the reasons given are judged to be legitimate by the coach and/or the administration. Notification from parents in writing is required in all circumstances.

64. Permission to Use Photographs of Students and Student Work

From time-to-time St. Maurice School requires photograph(s) and student work for promotional purposes including publication in the local print media, display upon the school's website, and/or inclusion in other school promotions, publications, workshops and displays.

A child's full name will not be included in any use of photographs or school work published for external display. In fact, students are identified by first name and last initial only for publications that will be used externally (e.g. newsletters, school website). Students will be identified by full name with photograph(s) in the annual school yearbook, and may also be identified by full name with photograph(s) placed on display within the school, classroom, or St. Vital Parish Church.

In order for St. Maurice School to meet the above need parents are requested to permit St. Maurice School the use of photographs of their child taken by persons authorized by the school in connection with their curricular and extra-curricular activities at St. Maurice School. This permission is granted by the parent's signature on side 2 of this Student Handbook's Signature Slip. This parental permission is sought specifically for the use of photographs and displays which may appear outside of the school building. Parents who do not wish photographs of their child to be included in outside publications are required to inform the principal in writing of this request at the onset of the school year by indicating NO in the appropriate space on the Signatures Slip of this agenda to be signed and returned to the school office.

In granting permission by his/her signature, the parent consents to the use of photographs involving their child and/or displays of his/her schoolwork by St. Maurice School Inc. in its publications and public advertisements. This consent includes the irrevocable, unrestricted right and permission for St. Maurice School Inc. to copyright and use, re-use, publish, and republish photographic pictures of the child without any other further consent and without any financial or other remuneration to the child or parent. The parent waives the right to inspect or approve the finished product, including any written copy which may be created in connection with the photographs.

65. Class Placement Requests

In May of each school year, school staff draw up the class lists for the following September. This is a complex process and we seek parental understanding and support. It is our strong belief that the learning atmosphere in the classroom must be the first consideration in the formation of class groupings. Classes are organized to maximize learning and teaching opportunities for students and teachers. Teachers and administrators make every effort to minimize the potential for negative student interactions. Staff teams strive to create classes that are heterogeneous and balanced in all respects.

The following are all considered when determining class placements:

- Student performance
- Teachers' knowledge of the social interactions and dynamics between individual students and groups of students, including friendships
- Student/teacher match
- Placement of students new to our school
- Male/Female ratio
- Information and suggestions provided from parents
- Approximate equal class size at any grade level

Note: An additional determining factor for High School students may be the options selected by individual students

Given the above criteria, parents wishing to have input on their child's class placement are asked to submit them, in writing, to the attention of the Principal prior to the 2nd Friday of May at the latest. Please provide sound educational reasons for your requests in this letter. Please note: If for whatever reason, you are making a request that your child not be placed with another child, you must consider the possibility that this information may have to be shared with others so that the process is fair to everyone involved.

Given all of the criteria used to generate class groupings, it may be difficult to accommodate your

specific requests.

Parents can assist the class formation process by helping their children understand the process that is used to develop class formations and supporting the placements once these are made. With appropriate support at home and at school, it has been our experience that the vast majority of placements are successful.

Final class placements for returning students will be released on the last day of school in June with the student's June report card.

**Any questions regarding the content
of this handbook should be brought
to the attention of the administration.**

**Changes to the policies and guidelines
presented in this student handbook
may be made at the discretion
of the administration, as required.**

*May God bless you
with a successful and
rewarding school year
at St. Maurice !*
